NOTES

Black Denotes Handicap Calculated by HalSail from

Results, and Grey is calculated using standard factors

PH for 2021 is based on Average PH Achieved from 2020

Autumn Series Races

Where there are 'No Good Performances' (defined by HalSail software), Handicap is calculated using average of performances and RYA Base No

Baseline for Class 1 is IRC Rating

Baseline for Class 2 is RYA Baseline Number

White Sail adjustment factor is 2.5% (slower than with Spinnaker or Vv.)

For Class 2, slower boats have been limited to 20% from the RYA Baseline

No Change - Other Active YYC Yachts that did not Race in
